

CYBERSECURITY

Join the Northeast & Southwest Michigan APEX Accelerators in collaboration with the Michigan Alliance of APEX Accelerators for:

Project Spectrum

Overview:

Please join the Northeast & Southwest Michigan APEX Accelerators in collaboration with the Michigan Alliance of APEX Accelerators to learn more about Project Spectrum. Subject matter expert Kareem Sykes, Project Spectrum Program Manager, at Eccalon for a briefing and discussion about cyber threats and best cybersecurity practices for small businesses.

Kareem will discuss the following about Project Spectrum:

- No-cost capabilities and offerings
- Help for small businesses with both CMMC and NIST standards
- Provide an understanding of the current threat environment
- Knowledge about small businesses particular risks
- How to leverage Project Spectrum to protect all of your cyber-based assets

Date: November 7, 2024
