**APEX  
ACCELERATORS**

The Alpena Combat Readiness Training Center (CRTC) needs skilled trades contractors such as building contractors, roofers, electricians, plumbers, HVAC, paving contractors and more to respond on upcoming construction projects at the facility.

The CRTC would like to identify local contractors based in Northeast Michigan who are willing and qualified to respond on these projects.

***How can you help?*** By attending an information-packed session conducted by MSgt. Timothy Frasier from the CRTC, where you will learn the requirements of doing business with the Michigan Air National Guard from a contracting officer.

You will learn about:

- upcoming projects the CRTC has planned;
- the registrations that are mandatory to bid on the projects;
- proposal preparation;
- what factors are considered when evaluating proposals;
- APEX Accelerator no-charge services that can help you through the process
- ...and much more!

This event will be held on **Friday, May 10, 2024** from **10:00 am to Noon** at the University Center, 80 Livingston Blvd. in Gaylord, Michigan.
